The poet shows his ideas in his poetry. According to him the poetry has a particular meaning, thought and the real emotion, and he believed that the singing of the bird enraptures and pleases the mind and the soul of human being with truth, not by lying or falsehood, and he calls the bird not to follow the whims of the people because there are some people who do not deserve to be called human being, the poet is inspired each other and by the bird and its shows in his beautiful poetry. Both of them sing and please each other and inspire hope and joy in the soul. The poet yearns for the love of the bird and he is sad.

Explanation

The poet reflects in this poem his sad and painful experience. It is the separation of his loved ones and the parting of the people who are very close to him which ~~have~~ caused him to lose confidence in the people.

The poet calls the Bird of paradise to reside in his heart that is filled with the garden flowers, the brooks and the trees with long and beautiful branches. The atmosphere of the garden, filled with beautiful tunes produced by the Bird of Paradise. The nature has also joined with the birds in singing by their soft rustling of leaves of trees and by the dancing of their branches as well.
